AUSTRALIA · 2026 RANGE

VETERINARY SURGICAL CONSUMABLES

Surgical packs built around the procedure.

Single-use drapes, procedure packs and incise films for companion-animal surgery, configured to the way your theatre already works.

Your drape, your fenestration.

Adhesive fenestrated drapes made to the size your clinic uses today. Custom configurations with no minimum order.

02 General practice
Desexing, dental and dressing-change packs

03 Hospital & referral
Soft-tissue, orthopaedic, ophthalmic and exotics packs

04 Infection control
Iodine incise film and iodinated dressings

05 Everyday essentials
IV access, fluids, gauze, sutures and theatre wear

FOR VETERINARY USE ONLY

Made in China. Distributed by Curavation.

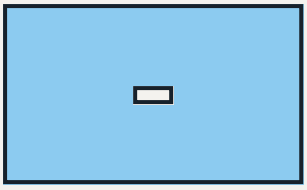

02 General practice

Packs for the procedures a first-opinion clinic does every day: desexing, dentals and wound care. One pack per patient, opened and ready.

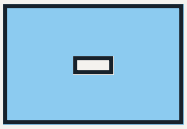

Desexing packs · Dog / Cat & small dog

Spay and castration. Same contents, drape sized to the patient.

Standard or Detect (X-ray gauze)

Dog · drape 100 × 60 cm

Cat & small dog · drape 60 × 40 cm

Fenestration 6 × 13 cm with double-sided adhesive tape

Outer wrap, 76 × 76 cm	**× 1**
Tray	**× 1**
Fenestrated drape, 100 × 60 cm (dog) or 60 × 40 cm (cat)	**× 1**
Drape sheet, 60 × 60 cm	**× 2**
Surgical gown, size L	**× 2**
Surgical gloves, size 7.5	**× 2 pr**
Sterile gauze, 7.5 × 7.5 cm, 8-ply	**× 5**
Cotton balls	**× 10**
Forceps, metal	**× 1**
Scalpel blade, No. 11	**× 1**
Waste bag, small	**× 1**

Dental pack

Scale and polish, extractions

Outer wrap, 76 × 76 cm	**× 1**
Tray	**× 1**
Tongue depressor	**× 1**
Surgical gloves, size 7.5	**× 2 pr**
Gauze swabs, 7.5 × 7.5 cm, 8-ply	**× 2**
Cotton swabs	**× 10**
Forceps	**× 1**
Cotton balls	**× 10**

Dressing-change pack

Post-operative rechecks, wounds and abscesses

Dressing forceps, pointed	**× 1**
Povidone-iodine swab balls	**× 10**
Cotton balls	**× 10**
Gauze swabs, 7 × 7 cm	**× 10**
Instrument tray, large	**× 1**

Add-on: iodinated dressing, 10 × 15 cm (page 04)

One window, several procedures

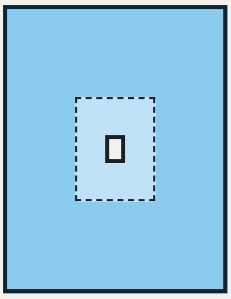

The 6 × 13 cm fenestration suits ventral midline incisions: desexing, cystotomy, exploratory laparotomy.

Adjust any pack to your protocol

Change a drape or fenestration size, swap glove sizes, drop what you do not use. No minimum order.

03 Hospital & referral

Full-coverage draping for longer and more complex surgery: soft-tissue, laparoscopic, orthopaedic, ophthalmic and exotics.

Patient drape 140 × 180 cm

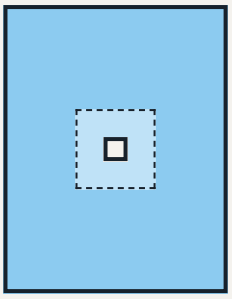

Vertical slot 6 × 15 cm

Absorbent zone, adhesive window

Surgical pack · Advanced

Soft-tissue, laparoscopic, spinal and cranial surgery

Outer wrap, 120 × 184 cm	× 1
Hand towel, 39 × 30 cm	× 1
Utility drape, 80 × 100 cm, adhesive edge	× 4
Medium drape, 92 × 100 cm	× 1
Patient drape, 140 × 180 cm, slot 6 × 15 cm	× 1

Patient drape 140 × 180 cm

Elastic aperture 10 × 10 cm

Absorbent zone, seals around the limb

Orthopaedic pack · Advanced

Limb fracture repair, joint surgery, total hip replacement

Outer wrap, 115 × 115 cm	× 1
Hand towel, 39 × 30 cm	× 1
Limb stockinette, 25 × 12.5 cm	× 1
SMS tape, 5 × 25 cm	× 1
Utility drape, 90 × 80 cm, adhesive edge	× 4
Medium drape, 92 × 100 cm	× 1
Patient drape, 140 × 180 cm, aperture 10 × 10 cm	× 1

Orthopaedic · Basic

Routine limb and joint procedures

Outer wrap, 76 × 76 cm	× 1
Hand towel, 39 × 30 cm	× 1
Patient drape, 140 × 180 cm, aperture 10 × 10 cm	× 1

Ophthalmic

Eye and eyelid surgery

Outer wrap, 76 × 76 cm	× 1
Utility drape, 50 × 50 cm, adhesive edge	× 4
Ophthalmic incise film, 18 × 14 cm	× 1

Exotics

Birds, rabbits and reptiles

Outer wrap, 89 × 89 cm	× 1
Hand towel, 39 × 30 cm	× 1
Utility drape, 50 × 50 cm, adhesive edge	× 4

Add incise film to any pack

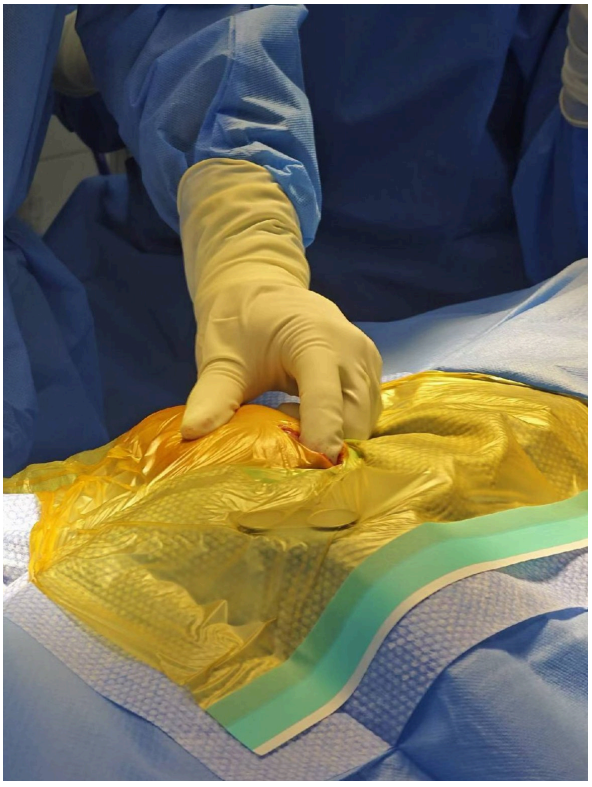

Iodine or plain incise film for orthopaedic and long abdominal procedures. See page 04.

Built to your theatre list

Send us your current pack sheet. We match drape sizes, apertures and counts, with no minimum order.

04 Infection control

Incise films that cover the prepared skin for the length of the procedure, and iodinated dressings for the closed wound afterwards.

FLAGSHIP

Iodine antimicrobial incise film

A transparent adhesive film with an iodine-releasing adhesive layer. Applied over the prepared skin, it holds the drape edge down and keeps the site covered while you cut through it.

Code	Size	Pack
CW-SD3020	30 × 20 cm	10 per box · 200 per carton
CW-SD4530	45 × 30 cm	10 per box · 200 per carton

Use for: orthopaedic, major abdominal, thoracic and neurosurgical procedures.

Do not use on: mucosal sites such as the eye or mouth, or patients sensitive to iodine.

Sterile incise film

Iodine-free. Routine desexing, small mass removals, superficial debridement.

Code	Size	Pack
SP3020	30 × 20 cm	30 / box · 720 / carton
SP4530	45 × 30 cm	15 / box · 360 / carton

Iodinated adhesive dressing

Post-operative cover after minor surgery, and superficial wounds.

Type	Size	Pack
A-T	10 × 15 cm	10 / box · 600 / carton
A-T	10 × 25 cm	10 / box · 600 / carton

1

Clip and prep

Let the skin prep dry fully so the film bonds.

2

Apply over the drape window

Smooth from the centre out to remove air.

3

Incise through the film

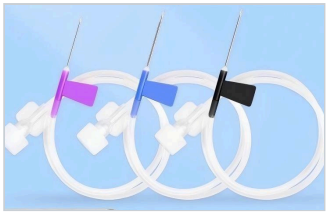

The film stays on the skin edges until closure.

Iodine-containing products are not yet available for supply in Australia.

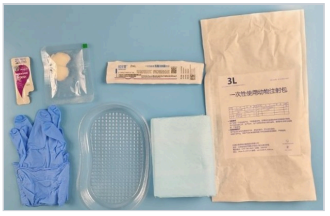

05 Everyday essentials

The consumables that go with every pack, so one order covers the procedure from IV access to the dressing.

IV access and injection

IV catheter · 22G, 24G, 26G	50 / box
Syringe · 1, 2.5, 5, 10 mL	100 / box
Syringe · 20 mL	50 / box
Scalp vein set · 0.55 mm, 0.7 mm	100 / pack
Blood collection device · 2.5 mL	600 / carton
Burette giving set · 250 mL, with needle	120 / carton
Injection kit · syringe, drape, swabs, gloves, tray	120 / carton
Blood collection kit · device, drape, swabs, gloves, tray	120 / carton

Catheters and drainage

Urinary catheter, cat · 3, 3.5, 4 Fr	10 / box
Urinary catheter, dog · 6, 8, 10 Fr	20 / box
Nasal feeding tube · 5, 6, 8, 10 Fr	10 / box
Chest and abdominal drain · 6, 8, 10 Fr	1 set
Closed suction drain · 100 mL reservoir	1 set
Fluid collection bag · 300 mL, 1000 mL	each

Gauze, dressings and drapes

Gauze swabs, non-sterile · 7.5 × 7.5 cm, 8-ply	100 / pack
Gauze, sterile, X-ray detectable · 7.5 × 7.5 cm	5 / pack
Adhesive wound dressing · 6 × 7 cm	20 / box
Adhesive wound dressing · 10 × 15, 10 × 25 cm	15 / box
Surgical drape · 60 × 80, 100 × 120 cm	100 / carton
Table underpad · 220 × 90 cm	80 / carton

Theatre wear

Surgical gown · SMS 35 gsm, with hand towel	50 / carton
Surgical gloves · 6.5, 7, 7.5	50 pairs / box
Nitrile gloves · S, M, L	100 / box
Surgical face mask · ear-loop	20 / box
Theatre cap	2000 / carton

Sutures

PGA absorbable, 2/0 · ½ taper 30 mm or ⅜ reverse cutting 31 mm	12 / box
PGA absorbable, 3/0 · ½ taper 27 mm or ⅜ reverse cutting 24 mm	12 / box
PGA absorbable, 4/0 · ½ taper 19 mm or ⅜ reverse cutting 20 mm	12 / box

All sutures 90 cm. For ligatures and deeper tissue layers.

samcur

Start with one pack.

Try a Samcur pack on your next surgery list before you change anything else.

1

Show us what you use

A photo of the drape or pack label is enough.

2

We match it

Same drape size, same fenestration, the contents you want. Samples sent to your clinic.

3

Trial, then order

Use it in theatre and order what you need. No minimum order.

Made in China. Distributed by Curavation.

Manufacturing partner certified to ISO 13485:2016 by TÜV Rheinland for surgical drapes, gowns, dressings and gauze.
